Education

Sir Syed University of Engineering & Technology, Software Engineering[BS]	2022 – 2026
Government Dehli College, Pre-Engineering	2020 – 2022

Experience

Highly Motivated and proficient in frontend and backend development, adept at crafting intuitive user interfaces and scalable server solutions. Skilled in Tailwind CSS, React.js, Next.js, Node.js, and Prisma. Passionate about creating impactful solutions that enhance user experiences, with a keen eye for detail and a commitment to delivering high-quality code. Demonstrated leadership and teamwork abilities both in the digital realm and on the sports field. Ready to leverage expertise and enthusiasm to contribute effectively to innovative projects.

Projects

WD Tool

Tech stack: Next.js, React.js, Tailwind CSS, Prisma

Developed a WD Tool application showcasing the seamless integration of Next.js and React.js with Tailwind CSS. Implemented user authentication, data fetching, and dynamic routing. Integrated Prisma for efficient database management.

E-Commerce Website

Tech stack: React.js, TMDB, Next.js

Created a E-Commerce Website using Next.js and TMDB API. Designed and implemented a responsive UI, displaying movie details and trailers. Integrated Next.js for server-side rendering and optimized performance.

Personal-Portfolio

Tech stack: React.js, Tailwind CSS

Developed a personal portfolio website using React.js and Tailwind CSS. Showcased projects, skills, and experiences with smooth animations and an engaging user interface.

Netflix-clone

Tech stack: React.js, Firebase, Next.js

Built a Netflix clone with React.js, integrating Firebase for authentication and real-time database. Implemented responsive design and dynamic content loading with Next.js.

Dashboard

Tech stack: React.js, Tailwind CSS

Created a Dashboard application using React.js and Tailwind CSS. Implemented CRUD operations and state management. Designed a clean and user-friendly interface for task management.

Technical Skills

- **Languages:** JavaScript/TypeScript, HTML/CSS , Java, Python,Dart
- **Frameworks:** React.js, Next.js, Node.js, Vue
- **Tools:** Git, VS Code, Visual Studio, PyCharm, IntelliJ
